We Believe

I BELIEVE for every drop of rain that falls,
a flower grows.

I BELIEVE that somewhere in the darkest night
a candle glows.

I BELIEVE for everyone who goes astray,
someone will come to show the way.

I BELIEVE, I BELIEVE.

I BELIEVE above the storm the smallest prayer
will still be heard.

I BELIEVE that someone in the great somewhere
hears every word.

Everytime I hear a new born baby cry,
or touch a leaf, or see the sky,

Then I know why-----

I BELIEVE.

Concentration, sportsmanship, excellence, work, play, fun, monotony--these are some of the elements which we believe made up the 1960-61 school year. It was a year of routine and change, victory and defeat, happiness and occasionally sorrow. In some respects it was a year like all school years, yet, in other ways it was one which will be remembered in the future as a year of change.

September, as usual, was the signal for the opening of school. The routine gradually became habit. We went to six classes a day, enjoying some and dreading others. There were the usual extra-curricular activities: Hi-Y, Tri-Hi-Y, Beta Club, F. H. A., F. T. A., basketball, baseball, band, majorettes, and others. The clubs and teams organized, chose their leaders, and settled down to their various routines and duties. We made new friends, complained about assignments, went steady, cheered our teams in victory, and stuck with them in defeat. We joked, laughed, sighed, and sometimes choked back tears. This was 1960-61.

However, this was also a year of change for our school as well as our county, and our nation.

At the first of the year our students, along with Mr. Geyer, were delighted with our new science equipment. We now have an excellently equipped science department to go with our liberal arts program.

Then we campaigned. First we campaigned for the \$7,500,000 bond issue. With the overwhelming support given to this program by the citizens of our county, plans for a new and better school system were formulated. Our dreams seem to be on the threshold of reality.

Next, we campaigned for a new President. For days all we could see were Kennedy and Nixon campaign posters and stickers. In a mock election we picked the candidate whom the nation later elected President.

We believe that our experiences of routine and change have made this year, 1960-61, a banner year.

In the following pages we shall attempt to recall some of these memories and experiences for you.

DEDICATION

We, the Senior Class of Chatham High School, realizing how much she has meant to us as teacher and friend, would like to honor a most outstanding person. Her capable leadership with Tri-Hi-Y, her willingness to devote her limited time to helping the debate teams for the forensic meet, her warm and genuine interest shown for the students, faculty, and community, her joyful manner, and pleasant personality cause us to dedicate with deep devotion and gratitude the 1961 Demon to Mrs. Elsie Todd.

IN MEMORIAM

Our class has not forgotten the shocking tragedy we experienced near the beginning of our freshman year. One of our members could not meet his class schedule that September because he was seriously ill. That fall, at the age of sixteen, he lost his courageous battle against an unconquered disease when God mercifully released him from his suffering.

Jesse Earl Myers was the first person to be lost from the roll of the class which would be Chatham's 1961 seniors. His quiet but friendly manner, his cheerful and winsome smile, and his daring enthusiasm for sports left an imperishable picture of his radiant personality in the minds of his classmates.

As an expression of our appreciation of one who so early in life completed his earthly mission, and as a memorial which will perpetuate his memory among future students, the senior class presents its parting gift to Chatham High School in honor of

JESSE EARL MYERS

Born, July 6, 1941 Died, September 26, 1957

ADMINISTRATION....

Mr. Charles E. Hagberg
Pittsylvania County School Superintendent

Mr. Charles E. Hagberg was recently appointed to complete the unexpired term of Mr. Harry R. Elmore as County School Superintendent. He served as Director of Instruction for fourteen years and two years as Assistant Superintendent. He was named Superintendent when Mr. Elmore accepted the position as Assistant State Superintendent of Public Instruction. Mr. Hagberg's friendly disposition, past experience, and leadership make him capable of administering the total Pittsylvania County School Program. One of his major tasks will be the promotion of the seven and one-half million dollar County School Building Program.

Best wishes are extended to him from Chatham High School.

Members of the Pittsylvania County School Board (left to right) and the districts they represent are: J. W. Towler - Pigg River; C. R. Adams - Banister; J. P. Mays - Callands; T. A. Pollard, Chairman - Tunstall; E. B. Fitzgerald - Chatham; C. G. Hodnett - Dan River; Dr. G. V. Thompson - Chatham; and N. M. Watlington - Staunton.

Plan and direct our school program

We believe the student body of the Chatham Public Schools to be second to none in the county. You are always willing to assist with any project or activity assigned.

We believe the graduating class of 1961 to be well prepared to further your endeavors in schools of higher learning and will be successful in your chosen fields.

We believe with your enthusiasm and diligent work you will reach the top rung of the ladder of success and we extend sincere congratulations to each of you.

APPRECIATION

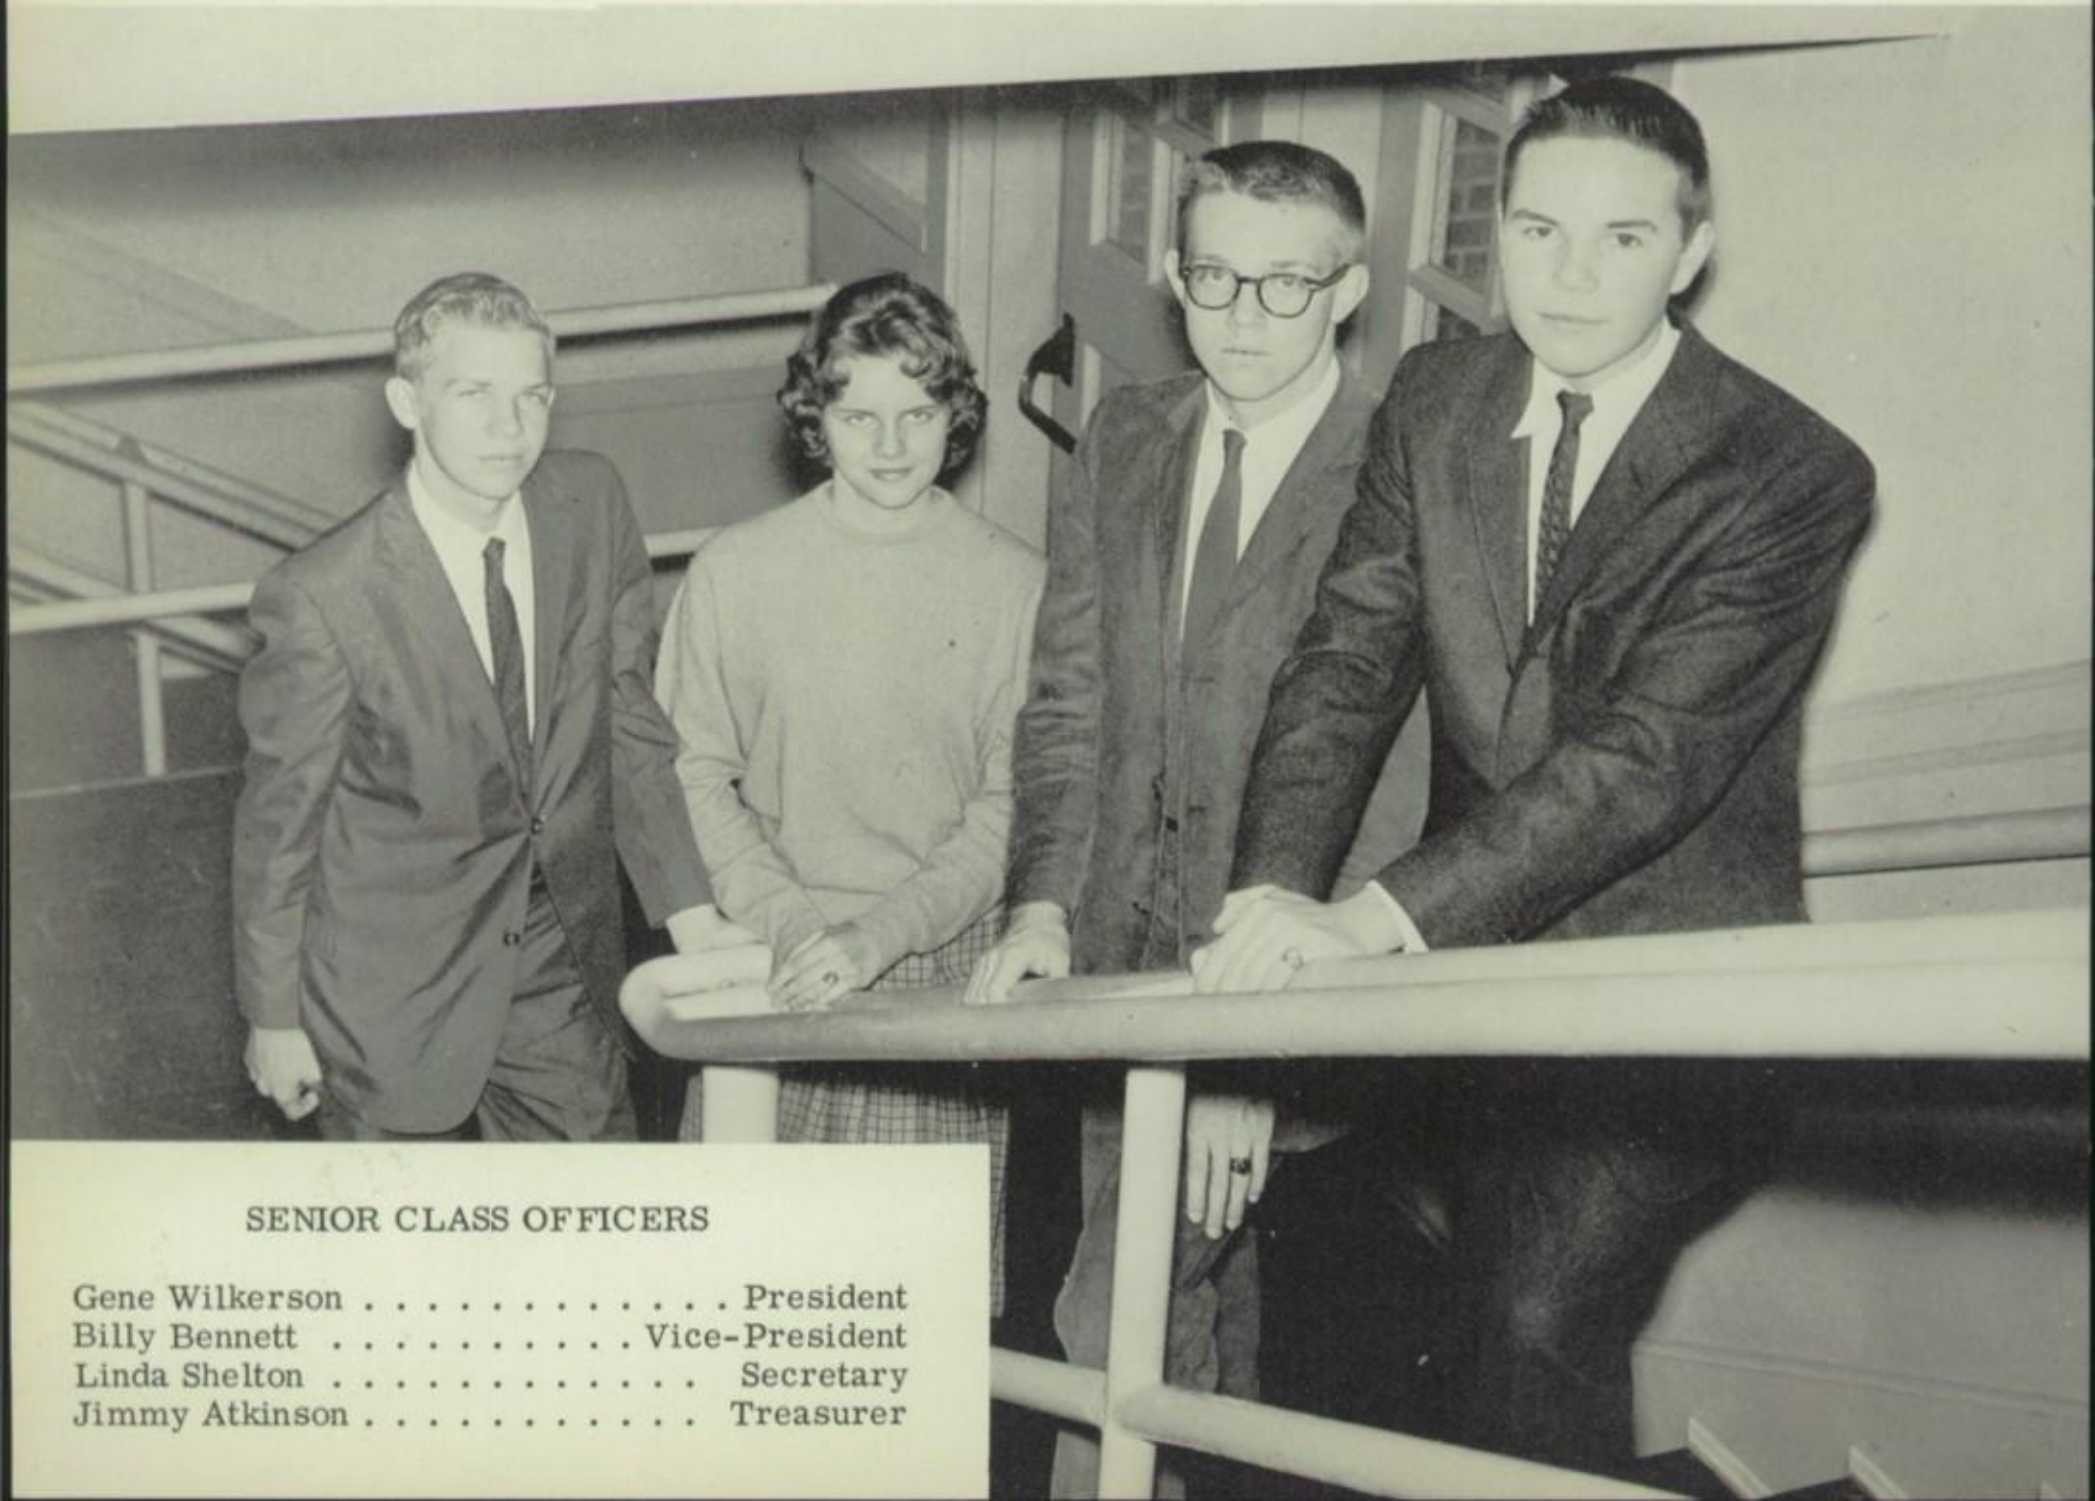

As we draw to the close of our senior year, we glance back, and we see a person familiar to all of us. We recognize her at first glance because she is seen in the class, Room 4, at the board working mathematical problems. When we observe more closely, however, we see very fine traits in this lady's life. We notice her guidance and help which she so willingly gives to all, her work in the Beta Club, her patience, love, and understanding for everyone, her sincere appreciation and thanks for the smallest deed done for her, and above all, we see the high goals that she has set before us.

Sometimes we feel that we haven't lived up to the expectations that Mrs. Cocke has for us. We have failed her many times. Nevertheless, regardless of all our mistakes, she is always there ready to give that extra little push as our teacher, sponsor, and friend, which is needed by everyone. Her cheerful smile and helping hand will remain with us always.

This is why in our Senior year, we salute you, Mrs. Cocke, and greatly appreciate all you've done for us.

The Lady Demons ended their season with a 8-7 record having exhibited good sportsmanship and the enthusiasm to win. Lurlene Robertson placed 4th in the county with a 35.8 average. Our defense attack was sparked by the rebounding of Judy Craddock and the fast action of Dorothy Easley. Other members composing the squad were always willing to support the team by hard practice and by always being ready to play their best.

With three first string boys returning from last year's group III Champions, Coach Geyer has built a team that has given a good account of itself. The highlight of the season was a 97-59 revenge victory over Climax in which the Demons registered the largest number of points of any county team this season.

Another season highlight was Wayne Andrews' 42 points against Whitmell which sent him on his way to the county scoring title. Kenneth Miller and Mike Meadows also ranked high in county scoring.

One of our well-remembered events is the bonfire which was held on the baseball diamond. The Cheerleaders and majorettes participated in this pep-rally. Being the first year that a pep-rally of this kind has been held, it proved to be a big success.

This page is reserved for the managers, scorekeepers, and timekeeper who are often overlooked and forgotten.

Our managers are often neglected and not given enough credit. They are a valuable asset to every game. The managers for the girls' team this year are Cynthia Redd and Vickie Motley. These girls help in promoting team co-operation and spirit. They take care of many minor but important details.

Much responsibility is placed on the managers of the boys' team. This year we had three managers. They were Kenneth Scott, Sandy Haymes and Donnie Hogg. Working with Mr. Geyer, these boys were a real asset to the team.

Joan Shelton served as timekeeper this year. Cheryl Sours and Kathy Moschler serve as scorekeeper. Much credit is due these girls for a job well done.

CLASS PROPHECY

Hello, all you radio lovers in radio land. This is station WCHS, bringing you the finest in music twenty-four hours a day and the latest in news from around the globe on the half hour. We are presenting a special program today on the Chatham High Seniors of 1961.

To begin our program, we spin the disc with Shirley Harris' currently released record called "Smile and the World Seems Rosier." This song goes out to the former Suzanne Tucker, who is now Mrs. Harry Williams. Roy Roach's new song is gaining in popularity. Roy sings with the Mitch Miller choir.

Now a word from our sponsor Does your hair seem colorless and out of style? If so, Elizabeth Herren has the answer for you. Visit her beauty shop and she guarantees to give you any color or hair style that you desire.

And now for the news Betty Boles, after graduating from high school, conducts sewing classes in her home. Beulah Shelton and Carole Motley married their Hargrave sweethearts. They now live in New York.

Jacksie Younger is head nurse in an army hospital in Spain. She really enjoys her work.

Two of Chatham High's former students are reaching for the stars. Everett Owen is a pilot for American Airlines, and Patricia Payne is a stewardess for Pan American Airways. Everett, on his latest trip to Cuba, noticed a colorful advertisement of the "Cuban Rousers." Observing closer, to his amazement, he saw that the girl who had top billing was Carolyn Puentes, currently starring as a night club dancer.

It appears that this class has contributed its share of teachers. Lurlene Robertson teaches teachers to teach basketball, while Wayne Andrews owns a gymnasium in Hollywood, where he trains star athletes to shoot basketball with one hand in case the other one ever gets broken. Proving that Latin is still a living language, Lois Parker teaches in Latin America.

While in high school, Kenneth Miller usually managed to have more than one girl on the string. His new book entitled "The Art of Selecting a Mate" proves that Kenneth has finally settled down with one girl. Susan Walker, also a great writer, is currently writing articles for the "Sunset News" in Hawaii. Judy Craddock, a well-known columnist, is doing quite well with her column, "The Wittiest of Wits" in the New York Times. Phillip Phelps, not to be outdone by the girls, is also a reporter for the New York Times. He informed us that recently while at the Waldorf-Astoria Hotel for dinner, he learned that Linda Shelton would lecture on poise and charm to the Miss Universe entries.

And now for a word from our co-sponsor Buy your groceries from Wilkerson's Grocery on North Main Extension. Gene has a complete line of things ranging from party favors to cookouts. This store, by the way, was presented to Gene as a prize for a hot rod race which he won. Henry Burnett and his father own a chain of hot dog stands all over the United States. They purchase all their hot dogs for local stands from Wilkerson's Grocery.

Don't turn that dial. Stay tuned to WCHS for complete information and local happenings. And now back to the news.

Ellen Meadows and her husband, happily married, now own an orange grove in Florida. Joan Motley, who is boarding with them, informs us that she is now working on her M.R.S. degree. Ran Witcher is happily married to Joyce Watson.

Chris Sweet ranks high in the national government. He is campaign manager for the Republican Presidential candidate. Politically inclined also are Gene Hart and Richard Giles. Gene is the United States foreign ambassador to Russia. He keeps this station posted on happenings there. Richard will be running for Senator for Virginia this year. He'll be speaking over this station at a date to be announced later.

It seems that Mike Meadows and Larry Roach have devised an automatic school bus drivers' system in which the driver has nothing to do but supervise the children. Other inventors have come from this class. Recently, Jack Dalton visited Stuart Motley on his tobacco farm. Jack designs billboards to be placed on the new super highways which are being built in Alaska. Stuart, now married to Jane Nuckols, has invented an automatic harvester for tobacco. Stuart said that this allowed him to spend more time with his family.

Billy Bennett's latest movie, "Shoot'em Down, Cowboy," is showing this week at the Capitol. Mrs. Bennett, formerly Pat White, often complains because it is necessary for Billy to spend so much time away from home. Jimmy Atkinson is Billy's agent.

Linda Motley has moved to Alaska and has established several perfume factories. Believing that perfume is necessary to top off any lady's outfit, Linda can't understand why the Eskimo women do not use it more freely.

Mickey Jefferson, manufacturer of "Better Chewing Chewing Gum," has purchased from Phillip Schwitterlett, a lot on which to build another factory. Phillip operates a large used car lot near Washington, D. C.

Patsy Taylor and Betty Jo Parrish have "speedy" minds. Patsy holds a job with the government typing records of men sent to the moon. Betty Jo is a dietitian for "Zoom" Rocket Company. She received the job because she followed through on the talents displayed in home economics. You will recall that she was the recipient of the Young Homemaker's Award.

Ora Jane Scruggs and her husband are reported to be doing well with their drug stores. They combined their interest when they entered into that delightful state of matrimony. Patricia Campbell has walked down the aisle, also. Incidentally, all six of her children have beautiful red hair. Joe Rogers hasn't married. He finds that being President of Kitty Josephine College takes most of his time.

The basketball game between the Boston Celtics and St. Louis Hawks will be played next Saturday afternoon, February 10. This station will bring you broadcasts from that game. Joan Shelton is the official time-keeper for the Boston Celtics. The high stepping "Twirlettes", under the direction of Dorothy Easley, will perform during half-time. Don't miss this great game.

Mrs. Cocke, sponsor of this class, is continuing to teach math at Chatham High. She tells us that she is a regular listener of station WCHS.

This concludes our program for today. Tune in again tomorrow at the same time and same station for news, weather, and music.

The Demon Staff

This year has been filled with excitement, hard work, success, disappointment, failure, fun, and surprise. We believe that the experiences encountered and the friendships formed have made this a memorable year, an account of which we have tried to record in this issue of the Demon.

Our sincere appreciation and thanks go to the merchants who have helped us to finance this volume of memories.

We know there can be only one dedication in our yearbook. We should like, however, to make a dedication to all our teachers and sponsors. They are the ones who showed understanding and gave love and guidance when it was most needed.

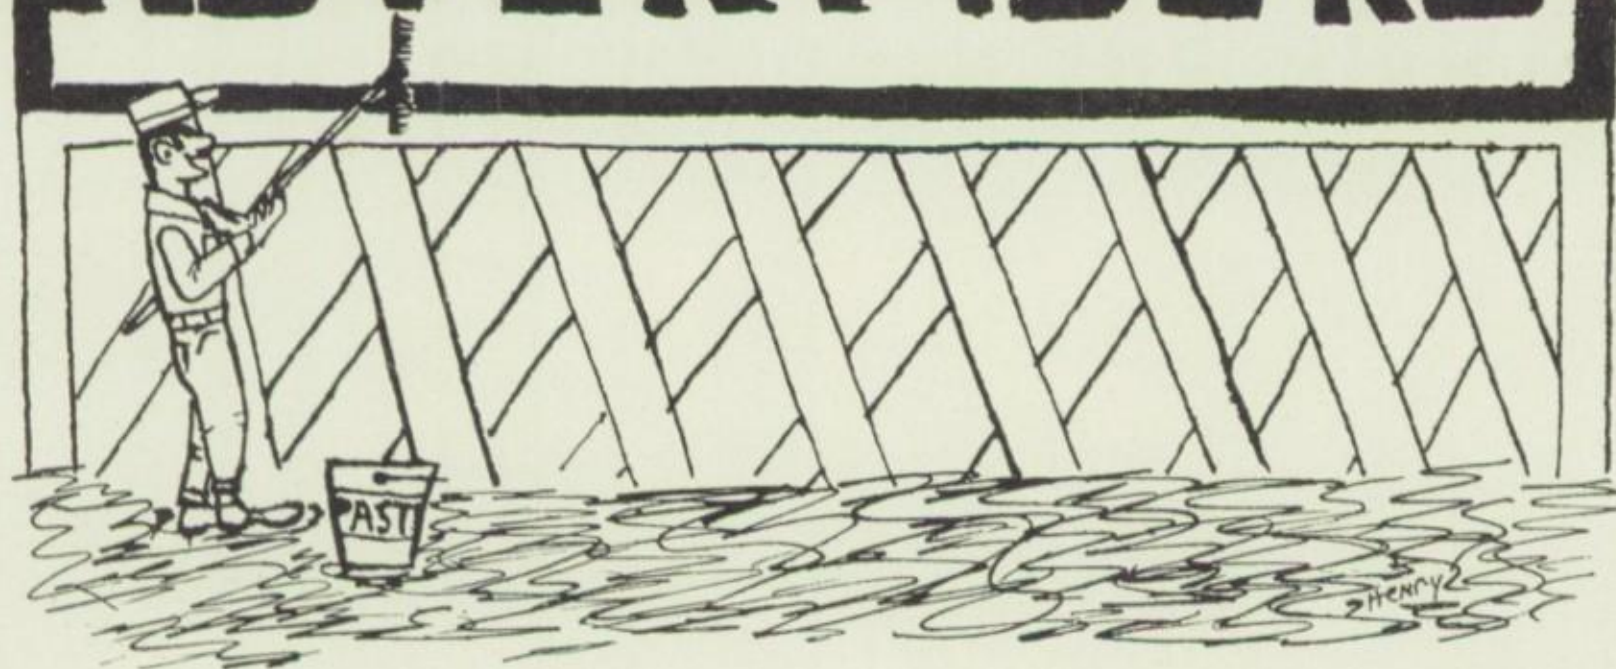

Last but not least we give thanks to our parents. No words can express what they have done for us. We hope to make them proud someday.

We, the annual staff of 1961, hope that the preceding pages have presented a pictorial and permanent record of 1960-61 at Chatham High School which you will treasure for many years.

Seated: Joe Rogers; Joan Shelton; Shirley Harris, Co-editor; Lurlene Robertson, Editor; Mrs. Erma Cocke, Advisor; Suzanne Tucker, Assistant Business Manager; Richard Giles, Business Manager. Standing: Patsy Taylor; Gene Wilkerson; Henry Burnett; Kenneth Miller; Gene Hart; Wayne Andrews; Dorothy Easley.
